"**water-moistened leaf tobacco**" means tobacco moistened with water only to which no buck-ashes or any other chemical whatsoever has been added.

3. Power to control import

The Minister may by notice in the *Gazette* prohibit, control or regulate the importation of tobacco or any class of tobacco.

4. Tobacco trader's licence

- (1) After the expiry of one month from the commencement of this Act, no person shall purchase or otherwise acquire and no co-operative organisation shall receive, any tobacco from the grower thereof, and no person shall import any tobacco, and no grower shall manufacture any tobacco nor sell any tobacco directly to the consumer unless he is the holder of a tobacco trader's licence.

^{*} Compulsory sale of tobacco through the Swaziland Co-operative Tobacco Company Limited is regulated under Act [28 of 1964](#)(2).

- (2) Such licence shall be required in addition to and not in substitution for any licence required under any other law.
- (3) Every tobacco trader shall take out a separate licence in respect of each separate set of premises at which he carries on business.

5. Conditions of issue

- (1) Every tobacco trader's licence shall be issued by an officer appointed by the Minister by notice published in the *Gazette* to issue such licences.
- (2) A fee of fifty cents shall be payable in respect of every tobacco trader's licence.

- (4) The fee payable for every such licence shall be a debt due to the Government and recoverable by action in any competent court from any person doing any act for which a licence is required in terms of [section 4](#).

6. Notice to be affixed

Every tobacco trader shall affix and maintain in good order in a conspicuous place outside and near the main entrance to the premises in which he carries on business as such, and, where he so carries on business more sets of premises than one, outside and near the main entrance to each set of premises, a sign setting forth in letters which are clearly legible his name and the words "Licensed as a Tobacco Trader under the Tobacco Act".

Provided that if the quality of tobacco acquired or disposed of (as the case may be) by a tobacco trader during any one day does not exceed fifty pounds weight, it shall be a sufficient compliance with this section if he records in such book the total weight of each class of tobacco acquired or disposed of (as the case may be) by him during that day, and the number of persons from or to whom tobacco was acquired or disposed of during that day.

8. Examination

- (1) Any prescribed officer may, at all reasonable hours enter upon the premises of, or any land or place occupied by, any tobacco trader or any person who is suspected of contravening or of having contravened [section 4](#) and may examine all books, accounts and documents there and require an explanation of any entries or documents referring or suspected to refer to transactions in tobacco, and seize any such books, accounts or documents as may afford evidence of any contravention of this Act and may make extracts from any copies of all such entries or documents as may afford evidence of any such contravention, disregard or disobedience.
- (2) Any prescribed officer may at all reasonable hours enter upon the premises of, or any land or place occupied by, any tobacco trader, or upon any premises, land or place in or on which any tobacco is kept in stock by any tobacco trader, and may examine all such tobacco and ascertain the weight of each class of tobacco which is so kept in stock, and may decide to which class any such tobacco belongs, and every such decision by any such officer shall be deemed to be correct.

- (3) Where, in accordance with the proviso to [section 7](#), no record has been kept by a tobacco trader of the details of any transactions, he shall be deemed to comply with this section if in such return he states the total weight of each class of tobacco which he acquired or disposed of (as the case may be) by those transactions, and the number of persons from or to whom that tobacco was acquired or disposed of.

10. Export quota percentage

- (1) Between the first day of April and the last day of November in any year the Minister may, upon such information as may be available to him, by notice in the *Gazette* fix a percentage to be known as the tobacco export quota percentage, in respect of any or every class of tobacco for the period of twelve months ending the thirty-first day of March next after the date of publication of such notice.
